OUR TRIP TO THE CENTENNIAL.

We left home on the 20th ult., to attend the Centennial Exhibition.

We arrived at Cincinnati about 7 o'clock.

We purchased tickets to Philadelphia via the Baltimore and Ohio Railroad, and obtained sleeping sections.

Our party of eleven left on the train that night at 10:15 p.m.

Some of the party complained of obtaining but little sleep, but we slept well during the night, and felt greatly refreshed next morning, and was prepared to enjoy the grand scenery we passed during the day, especially was this the case on Cheat River.

At Deer Park we stopped for two hours, waiting for repairs on the road about ten miles ahead of us, but the conductor learning that it could not be completed that day, the train moved forward and we were invited when we arrived at the wash out on the road to get out and walk down a steep hill and up another one to take a car on the other side.

At Deer Park the Baltimore and Ohio Railroad have erected a large building and it has become a favorite resort for visitors during the summer season. The building has 253 rooms and had at one time last summer 1,000 guests. The train was due at Washington on the night of the 21st at 9 o'clock, but it did not arrive there until 1 o'clock on the morning of the 22d.

John G. Gist, the accommodating ex-judge of this city met us at the depot at Washington, and showed us around the city during our stay there. Hon. G. M. Adams and Judge Green Adams, also lent their assistance in showing us through the Capital.

On the 23rd we took a trip to Mt. Vernon. There is a steamer leaves Washington every day, except Sunday, at 10 o'clock, a.m., and returns to Washington at 4 o'clock p.m.

We passed several places of interest from Washington to Mount Vernon. We met a great many visitors from different parts of this State on the boat who were on their way to and from the Centennial, but wished to visit the tomb of Washington during their trip of sight-seeing.

We were met at the landing by the gentlemanly guide, who preceded us and explained the different points of interest we passed. The first place the guide halted was at the Tomb of Washington where rest the remains of General Washington and his wife and about thirty of the family relatives. Every gentleman removed his hat while the guide gave an account of the removal of the remains into this vault.

We were next shown through the building, and the history of each imparted by the guide. In the main hall of the building we saw the "Key of the Bastille," which is in a glass box where it was placed by General Washington, on a nail from which it has never been removed. In the room where Washington died is a newspaper in a frame which was published in Alexandria at that time, and contained the first announcement of Washington's death. There are several articles of furniture in the room which the guide assured as were used by Washington, but the bedstead upon which he died was cut to pieces by the relic hunters, and a fac-simile now stands in the same spot. There is a large magnolia tree in the yard, which is said to be the only tree on the premises planted by Washington. The leaves that fall from this tree are picked up every morning, and one is presented to each daily visitor. We got a few pebbles from the hill near the tomb, and some Spanish chestnuts from the yard, but hearing the sound of the whistle at the landing, we at once hastened to the boat to take our trip back to Washington city. We left that city on the 21th, stopped in Baltimore half a day, visited the Peabody Institute, Washington Monument, Mt. Vernon Church, (Methodist), and some other places of interest, and arrived in Philadelphia on the morning of the 25th. After that, we kept no dates or notes. We were totally amazed and confused and are unable to report but little of what we saw at the Centennial. For six days we visited the Centennial, but saw too much to attempt to describe it. We saw almost everything that grows or is manufactured, at this wonderful show. The main building had the most attraction for us. In it we saw the industries of every nation represented. The United States is represented in the rich silver ware, jewels, chemicals, furniture and textile fabrics. We noticed at one place stand three small tables with the prices marked on them respectively \$12,000, \$10,000 and \$5,000.

From Philadelphia we went to New York via the Long Branch, stopping there five hours, where for the first time in our life we saw the Ocean.

We gathered some shells from the beach, took a ride in the city passing President Grant's residence and other handsome buildings and visited the parks. The clerk of the weather seemed to have entered into a special contract with "Old Pros" for the day, and everything was favorable for our enjoyment at Long Branch. From Long Branch we went to Sandy Hook where we took a vessel from West Virginia.

At New York we saw Governor Tilden reviewing the first division of the State troops, visited the large A. T. Stewart retail establishment, the Central Park, and Booth's Theater at night where we saw Sardana-palus played. From New York we took a boat to Albany, and had a fine view of the scenery on the Hudson. Besides the grand palisades and highlands we passed, there are many points of historical and romantic interest. From Albany to Niagara we traveled most of the way in the night and saw but little of the country. At Niagara the picture our imagination had drawn of the grandeur and sublimity of the Falls were fully realized, and we felt that it was even greater than we expected. There was but one place that we were disappointed, and that was the whirlpools which we felt did not repay us for the time and money spent in visiting it. After seeing most of the points of interest on the American side, we crossed the new suspension bridge to the Canadian side. This bridge is said to be 150 feet above the surface of the Niagara. A much better view can be obtained of the Falls on the Canadian side. Neither well studied phrases, nor carefully selected words could convey the feelings of admiration on beholding the grand work of nature, as presented to our minds on seeing the Niagara Falls. At almost every place of interest at the Falls, there are stores containing fancy goods and the owners are certain to invite visitors in to look at them and if possible sell some of them. We remained at Niagara about 26 hours and left at noon on last Friday for home, where we arrived on Saturday evening.

As an evidence of the fact that it is Republicans who practice intimidation in the South, and in proof of the charge that all the troubles between the races in the Southern States are brought about by designing Republican politicians who use the negroes as their tools, the New York Herald, is conclusive. "In every Southern State the colored voters are joining Tilden and Hendricks Clubs in Alabama and Arkansas they went peacefully to the polls and voted the Democratic ticket by thousands. It is evident that the negroes have learned, that under Democratic rule, as in Georgia, Arkansas and Alabama, their property is protected, and their rights guarded, while in those States under Radical rule, they are used by political adventurers for their own ends. They are therefore joining the Democratic party in large numbers, in every Southern State. The Republican leaders have become alarmed at this defection, and the order has gone forth to stop it, by bloodshed if necessary. Attorney General Taft has issued an order intended to convince the negroes of the power of the Administration to enforce its will. Twenty thousand stand of arms are sent to Charleston. The riot of yesterday is the first result of this policy. Every colored Democrat is a marked man, and threatened with death. The National Democratic Committee are in the daily receipt of letters from colored men in the South saying that they are even refused communion in their churches if they vote the Democratic ticket. One colored man writes: 'We have to be very secret; if it were known that we were Democrats, our wives would refuse to live with us. Negro Democratic speakers are threatened with assassination, and a reign of terror is inaugurated, and the deliberate purpose of checking the expression of Democratic sentiment among the negroes. That there is no conflict between the negro and white races in the South, except such as is created and kept alive by Republicans for political purposes, is absolutely proven by the harmony existing between the two races wherever the Democracy is in the ascendancy.'

Private advices from Mississippi are encouraging to the Democracy. The party of Reform hope to carry the State by seventy five thousand majority. Since the Democracy won a victory in the State some time ago most all of the Republican carpet bag veterans have left the State, and thousands of colored men, we are told, will hereafter vote for their own interests and the Democratic party candidates.

The Radicals made a great noise about the removal of Union soldiers and the substitution of Confederate positions in the House of Representatives. The fact is that the Democrats employed more Union soldiers than the Republicans did. Out of 232 appointments there were only 23 ex-Confederates. This is proven by the statement of Mr. Adams, clerk of the House, who gave a full list of the names and the politics of each.

The business men of the North are beginning to think that it doesn't pay to abuse the Southern people violently and eternally. The Enterprise says it is too much like a morose blackguarding and kicking his leg to no purpose.

THE ELECTIONS.

The news from the elections held on Tuesday in Ohio, Indiana and West Virginia, is nearly all very meager. If our paper had gone to press we received the following dispatch, which is all the news we have up to ten o'clock Wednesday morning.

Toronto, Ky., Oct. 11. J. R. Garrett:—Indications are that Indiana will elect Democrat by 100,000 and Ohio will be close. Nothing from West Virginia.

Courier Journal.

Judge A. R. Boone was unanimously re-nominated for Congress by the Democrats of the First district at Paducah Wednesday. The convention was an unusually harmonious one. The names of Trimble and Crossland were withdrawn before the result of the first ballot was announced, and Judge Boone's nomination was made unanimous. Every county in the district was represented except Ballard, Henry, Hamilton, and Oscar Turner will run as an independent candidate. Boone defeated both Turner and Puckett two years ago.

A man by the name of LeRoy, living in Wisconsin, threatened to see Hayes, the Radical candidate for President, for \$1,000, which LeRoy's son, while in the army, gave to Hayes for safe keeping. Hayes first denied knowing the boy, then admitted that he did know him, but said he got no money from him. Then after being pressed hard by LeRoy with proof, admitted that he got about \$100 from him but gave it back to him. The proof is abundant that Hayes did get it. Radicals are pretty folks to be talking about Tilden's false income.

The packed jury which sat on the trial of Babcock brought in a verdict of not guilty last Saturday night after remaining out two hours. Boss Shepherd who, with other accomplices of Babcock, stayed with him in the Court room during the absence of the jury, commenced a loud clapping of hands on the announcement of the verdict. The whole party then escorted Babcock in triumph to his home.

The Radicals have nominated candidates for Congress, or called conventions for that purpose every district but this, the 7th. This is a confession of the strength of Capt. Blackburn money for the election could be indicated in any other form. Notwithstanding they speak of him as the "Juvenile Joseph," he is good for five thousand majority over any man they could put forth, and there seems to be no one who desires martyrdom—neither the graceful Goodloe, nor the sweeping Swope. They can't even come up, an "Independent," Independent, said—[Frankfort Yeoman.]

Rev. Thomas P. Dudley, of Fayette, one of the most eminent Baptist ministers of Kentucky, can show a record of continuous ministerial service which will challenge comparison with that of any other clergyman in any country. He has been preaching to Bryan's Station Church for fifty-five years, to Elizabeth, thirty-three years, to Mt. Carmel, forty-five years, and to Georgetown, forty-four years. His father, Rev. Ambrose Dudley, was the pastor at Bryan's Station Church—one of the oldest in the West—for forty years before him, so that the two have ministered to that congregation for ninety-five years. Although in his eighty-fifth year, he is hale and vigorous, and attends to his churches as regularly as forty years ago, preaching twice a month to each church, they being two or two-and-a-half miles apart, attending calls, visiting the sick of his flock, preaching funerals, and celebrating marriages—[Frankfort Yeoman.]

This farm is in the highest state of cultivation, being remarkably free from weeds and grass, having over 1200 rods of stone wall along the creek, some of them with swinging water gates on the creek. The rest of the fencing is high, strong and newly built. It has 8 never-failing Springs, well distributed all over the farm, and timber for all purposes. There is not a half acre of waste land on both farms and there is no better land for any purpose in central Kentucky.

Death of R. H. Probert.

We announce with the keenest grief and most poignant sorrow, the death of Thomas H. Probert. After a protracted sickness, he sank peacefully to his rest on last Monday afternoon, leaving a vacancy about his fireside that cannot be filled, and a general sense of loss in the community where he lived. For many years he was jailer of Montgomery county, and was in office when he died. He was noted for the strict and faithful discharge of his official duties and for his unvarying kindness to the prisoners committed to his charge. Whatever faults he had—and he was but human—now lie buried with him in the grave, and we give him that charity that we too may ask when our race is run, and when we drop from the ranks of the living. He had many virtues and these we delight to remember. Losing his father in early life, he, by his toil and labor, took care of his mother and sisters, and through long and weary days of poverty and anxiety ministered to their support. He fought the hard fight for bread and raiment and shelter, and if he sometimes grew careless in the conflict, towards the world, his heart was always warm and tender towards those he loved. In his friendships, he was constant and unselfish. He could not do much for those who had befriended him, and never deserted them in their extremity. Under a rough exterior, he carried a heart as generous and true as ever beat in a human bosom; a nature ardent, impulsive and sympathetic; a spirit never unmindful of a favor, open, grateful and courageous. No eye grew wet sooner than his over a tale of distress, and no hand was freer than his in dispensing charity to those in want. In temper he was quick, but forgiving, cherishing no malice. He was liberal and free-handed to a fault; the ready helper of the poor; and those who had aided him in his troubles and stood by him in the dark days could lay no burden on him that he would not willingly and cheerfully bear. The rough warfare of his life never dulled his cheerfulness or dimmed the light of his genial humor. We met him in many of the ways and walks of life and learned to know the good that was in him. We shall miss him, but shall remember and cherish the true manhood that was his, forgetting and forgiving, and leaving to the measureless mercy of our Savior, the human weakness that beset him.

B. W. Rose's New Clothing Store. Our energetic friend is on his feet again, and has just opened at his old stand, corner Main and Broadway, a large and complete stock of stylish custom-made clothing, hats, boots, shoes, Gent's Furnishing Goods, &c. His stock has been selected with care and with an eye to the wants of the people of this section, and on examination we found the prices to be very low. Mr. Rose is "the boss" on boots and shoes, as the following prices will show:

Ladies custom made Pebble Goat side or front lace shoes \$2.25 per pair. Children's shoes Gue. and upward. Boys' boots, \$1.25. Men's boots, \$2.50. Full stock Batchelor boots \$3.00. Full stock Brogans, \$1.25. Overcoats, \$3.00. Jeans Pants \$1.75. Suits (coat pants and vest) for men \$7.50 and all other goods in proportion.

The Tilden, Hendricks and Reform club of this city raised a pole in this city on last Monday afternoon. Col. L. B. Grigsby of Winchester made an able speech to the club at the court house on Monday evening. He had a well filled house, who listened attentively to his telling speech as he exposed the radical corruptions. Col. Grigsby was an officer of the Federal army, and his speeches will do much good for the cause of reform wherever he speaks. We hope he can be induced to give a portion of his time in discussing the great principles of the party in this Congressional district before the election.

New Dry Goods House.—The attention of our readers is called to the advertisement of Messrs. D. R. Creegan & Co., to be found in our columns to-day. Messrs. Creegan & Co. have recently come amongst us and opened in Tenney's building on Main street, near the court house, the largest and most attractive stock of goods we have ever seen in Mt. Sterling. Their stock embraces all the late styles of ladies dress goods, hosiery, shoes, notions, and in fact, everything usually found in a first class dry goods store. Their goods were bought in New York before the recent advance, and they propose to give their customers the advantages of their low purchases. The members of the firm are clever, energetic, thorough-going business men, and we advise our readers to examine their goods and prices before buying elsewhere.

Mr. James Voris, the popular and accommodating young salesman, has been employed by this firm and will be pleased to receive his old friends and show them the immense stock of good in this house.

Finest and largest stock of Ladies and Misses Felt Skirts, Hosiery, Nubias, Satinets, Hoods, Caps, Shawls, Fascinators, Saphires, German Town Yarns, Fancy Baskets, Traveling Bags, and Household Jewels, Neckties, &c., at L. B. Grigsby & Co's.

The Democrats of the Ninth Congressional District will have an old-fashioned Barbecue at Hazel Green, Wolfe county, on THURSDAY, OCTOBER 20th, 1876. Hon. D. W. Voorhees, Gov. McCreery, Gen. John S. Williams, Hon. Isaac Caldwell, Hon. Ed. Marshall, Hon. G. Blackburn, Hon. Ed. W. Turner, Col. W. C. P. Breckinridge, Hon. J. Proctor Knott, Gen. John B. Huston, Hon. G. M. Adams, Hon. D. Y. Little, Hon. John E. Cooper, Hon. A. L. Martin, Hon. John Dishman and other distinguished speakers have been invited and are expected to be present. The Mt. Sterling Brass Band will be present and enliven the occasion with its soul-stirring music. Every body is invited, and the public is assured that there will be plenty to eat and a good time for all who attend. All opponents of Radicalism in the Ninth District are especially invited to turn out and give one day to the cause of Honesty and Reform, and the Grand Old Democratic Party.

We refer our readers to the advertisement of J. Dinkelspiel to be found in another column. Mr. Dinkelspiel has been engaged in selling goods in this city for several years, and is a liberal dealer and always sells his goods at the lowest margin. He has a complete stock of clothing, and can furnish them at prices to suit any person who may wish anything in his line. Call and examine his stock before buying elsewhere.

Don't forget that this is the month to set out fruit trees, grape vines, &c. I have now on hand some of the finest varieties of early and late grapes, that have never rotted or mildewed, have always ripened the fruit, and the vines are perfectly hardy and healthy.

The White Hill, very early, purple, \$1 for 1 year vines.

The Lady, very early, white, \$1 for 1 year vines.

The Champion, very early, black, 50c. for 1 year vines.

FINE MULES.—Our friend Lewis Lane sold, a few days ago, a pair of mules to Jo. Stephens, of Bath, for \$125. He sold four mules, including the above, for \$750. Lewis always has a few good ones, and his long eared stock always commands top prices.

The colored people will hold their fair on Wednesday and Thursday of next week on the grounds of Mr. Ringo near this city. Their arrangements are all completed, and they are expecting a good time.

Business must be dull in Lexington, or else exceedingly lively. Anderson & McCann are selling Tin Saws (tin, jar and water carrier) at \$2.50 per set; Decorated Chamber Sets, \$5; French China Dining Plates \$3.50 per set; Best quality of Plated Knives at \$3 and \$5.50 per dozen; Nice glass Tumblers 50c. per dozen; Tin Trays, Lamps, Hall Lights, Cast Irons and Vases, in fact all their goods are being sold at former wholesale prices.

Mr. J. G. Trimble brought to our office on Friday last, a monster sweet potato, raised by Mr. Hollis Gibbs, at Hazel Green, in Wolfe county. The potato weighed 8 pounds and 9 ounces. Mr. Gibbs informs Mr. Trimble there were four others in the hill from which this monster was taken, which weighed 9 pounds in the aggregate. Who can beat it?

"I can," says John Ragan. Mr. Ragan brought to our office on Saturday the largest potato we have ever seen. It measured eleven inches in length, and 19 inches in circumference, and weighed 114 pounds. He says he has plenty as big as the Wolfe county monster, which he calls "small potatoes."

Capt. W. Tom Harens, of West Liberty, one of the ablest Democrats in this district, has been in the city for a few days. He gives a glowing account of the Democratic prospects in his section. He has a host of friends in Montgomery, who are always glad to see him.

Walker C. Graves, Esq., who has been stumpng some of the counties of this district in behalf of Tilden, Hendricks and Turner, returned to this city on Thursday last. The American People.—No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a permanent and sure remedy for this disease and its effects, such as Sour Stomach, Heart burn, Water brash, Sick Headache, Costiveness, palpitation of the Heart, Liver Complaint, coming up of the Food, low spirits, general debility, etc., yet since the introduction of GREEN'S AUGER POWDER we believe there is no case of Dyspepsia that can not be immediately relieved. 30,000 doses sold last year without one case of failure reported. Go to your Druggist, J. W. Harrah, and get a Sample Bottle for 10 cents and try it. Two doses will relieve you. Regular size 75 cents.

To Shake, or Not to Shake.—Age, that is the question. Is it better to suffer from rheumatism, or to have the system of rheumatism? It is better to have the system of rheumatism, than to have the system of rheumatism. It is better to have the system of rheumatism, than to have the system of rheumatism.

He says the Democrats are astr in the section which he visited, and they propose to give a good account of themselves at the November election.
